OPTIONAL EXTRA

FLAG TO BE HUNG AT END OF LADDER WHEN IN TRANSIT SHOULD LADDER EXTEND VEHICLE

Product Information:

- Unmatched combined benefits
- Solve is the only company that provides the benefits of flat platform rungs combined with box section side rails
- Our platform rungs give increased safety and comfort while reducing fatigue
- The box side stiles stop the ladder from twisting the way a "C" stile would
- The box side stiles give good sideways stability
- The rung/stile joint reduces war preventing the loosening of rungs
- Our Platform rungs are about 4 times stronger than the round rung and will not bend
- The larger rung prevents the rungs from pulling out of the side stiles
- The interlock side stiles eliminate clamps and damage often associated with clamps
- 6005A Alloy used for extra strength
- The Solve safety ladder locks prevent accidental lowering of the ladder and related dangers
- Square rungs prevent rung turn
- Solve rope and pulley system ensures for easy extension
- Maximum Working load 170kg
- 1 Year warranty
- Extra add ons:
 - Spike feet
 - Cable roller pole rung
 - Side rope
